ORDER NO. 2010-0614-UM-01

Supporting Documentation

Statement of Need:

- 1) By reducing the number of vehicles, persons, and tents/ trailers per campsite we will reduce resource damage in the area and prevent unnecessary damage. It will also reduce congestion on the roads servicing the campground thus increasing the safety to both the public and employees as well as maintain a quality camping experience for the public
- 2) Restricting the hours of which persons who are not camping in the campgrounds and not visiting a persons in the campground will reduce any party type situations and cut down on any associated criminal activity
- 3) Some campgrounds, campsites and the roads leading to those sites are physically restrictive which prevent the use of camp trailers. By restricting the use of camp trailers to those campsites we will prevent damage to the sites and unnecessary congestion in those areas of the campgrounds.

Enforcement Procedures: Enforcement will be done by Law Enforcement Officers, Special Agents and Forest protection Officers. Some districts may choose not to post the restrictions at certain campgrounds. If the intent of the district is not post those instructions Enforcement of the orders will not be done.

Posting: Should be provided by the Districts/ Forest and posted at the entrance and or the Campground Kiosk and at specific campsites
